

K-LOVE is a radio station that plays contemporary Christian music, and is broadcast locally on 106.7 FM. The broadcast facilities are in Samora, NC. The service that K-LOVE provides to the Raleigh/Durham, NC market is immeasurable. While they have an international audience, K-LOVE also supports the local neighborhoods where they operate. Our church, for example, has used promotional airtime provided by K-LOVE to freely promote the appearance of our Praise & Worship Team in Graham, NC earlier this year. K-LOVE supports our local area in many other ways, and also serves to bring Christian music to people that may never be exposed to it otherwise. It would be a tragic loss to our community if the LPFM regulations were changed so that K-LOVE was no longer airing in the Raleigh/Durham area. Please consider this station's viable offering to its listeners and protect our ability to receive the station clearly in Raleigh, Durham, Chapel Hill and other parts of central North Carolina. Thank you.
